Little Saints Cleaning Service provides all the cleaning materials and supplies for the cleanings. However, if you desire that we use your own equipment e.g. vacuum cleaner, mop & bucket, cloths and cleaning materials, you will need to let us know before your appointment. If you have special situations or type of finish on walls, sinks, cabinets, or floor that require a specific solution other than what we use, you need to let us know and not assume we should know. No two customers are the same and everyone has their favorite brands and way of cleaning. Also, some bleach based products are acceptable providing the necessary precautions are taken, any use of bleaching agents in the property is at the customer's own risk.

Complaints and discipline procedures

For any reason you are not happy with the cleaning standards or for anything else please contact us as soon as possible – preferably within 48 hours. You as a customer and client are all important to us so if we get something wrong, please let us know and we will be happy to resolve the issue. We will always attempt to do our best to sort out the situation efficiently and promptly. For this guarantee to apply, you must have had your home properly de-cluttered before we arrived.

Health and safety

All equipment, including electrical, to be used by Little Saints Cleaning Service must be in good working order. Any Customers home we clean must be a safe working environment in which to do our job properly. Health and safety is important to you as the customer and Little Saints Cleaning Service to eliminate any unforeseen accidents. In the event that a house is a hazard or cluttered, we reserve the right for our cleaners to take pictures of the area(s) for before and after of what was done.

Inclement Weather

As you know the weather in Florida can be unpredictable. If there is a storm in progress on your scheduled cleaning day; we will make a judgment call as to whether the staff will be going out that day. We would never want to jeopardize the safety and welfare of our staff. If we do have to cancel your visit due to bad weather conditions; we will call you to reschedule your cleaning.

Keys, alarm systems and security

If you as the customer require Little Saints Cleaning Service to hold a key to enter your home, under no circumstances will we keep your address details with the key. However to identify your key it is acceptable to keep a key fob with your initials to make it easier to identify which key belongs to you. You must inform us of any alarm system that needs to be unset or reset. It is in our best interests for your keys to be kept secure at all times. It is our policy to keep our customers keys safe however we will be fully responsible for any keys lost or mislaid for them to be replaced as soon as possible.

If you as the customer are present for the cleaning, please make sure that you are there to let us in at the agreed time. If we arrive at the designated time and no one is home without giving notice, you will be subject to a fee.

Clutter:

We ask that you provide a clutter-free environment, which allows us to reach all areas to be cleaned. We greatly appreciate it when things like dishes, clothes, toys, leftover food, etc. are

put away before we arrive. Since we are on a schedule, we will be working as quickly and efficiently as possible. Clutter increases the time it takes to clean your house at the rate we quoted and reduces our ability to fully complete your cleaning, both in time and quality.

Pets

We understand clients with pets tend to think of them more as members of the family. We want to make sure we do all we can to minimize the stress that may occur when strangers enter their space. We are more than happy to meet and be acquainted. While we love pets, we do ask for any pets that are aggressive, skittish or like to be underfoot to be placed in an area we will not be cleaning for their safety and ours.

Due to health risks we cannot clean up after blood, vomit, and feces (*human and animal*), this includes cleaning of litter boxes and dog kennels.

Wear and Tear

The longer we live in our homes, the more wear and tear builds up in it. Baseboards, bottom of showers and tubs, mold/mildew, excessive water spots and soap scum on glass shower doors, worn flooring, grout, window tracks, etc. are all areas where wear and tear will impact results. These areas may take more than one cleaning to improve in appearance or may not come clean at all.

Distractions

It is important for us to have access to every area of your home that we will be cleaning. In doing so, we need to work freely and without distractions. Our staff are trained to work in an efficient manner. While we encourage our staff to converse with our clients, we also require them to complete their work in a timely manner. We ask that you do not disrupt their workflow by making special requests or excessive talking(beyond cleaning instructions) during your scheduled cleaning.

Every effort is made to work safely and cautiously and we cannot assume liability for injury to others. We kindly ask that you, your children and pets remain out of the rooms that we are cleaning in order to prevent safety hazards (contact with cleaning products, tripping over buckets, caddies, vacuum cords, etc.).
